

St. Louis Ballooning Adventures Terms And Conditions

Hot air ballooning is a very weather sensitive sport. St. Louis Ballooning Adventures and its pilots have a 100% perfect safety record. For safety reasons there are weather limitations on which we fly and anything beyond these limits will cause a cancelation and rescheduling of your flight. Although it may appear to be a nice day for you to go flying, doesn't mean it is. There are many weather conditions, which may cancel your flight. Please let us make this decision, we are experts and certified FAA licensed pilots.

In the event of a canceled flight please reschedule your flight as soon as possible. We will notify you of the cancellation as soon as possible. On some rare occasions we may cancel the flight on the launch field if changing weather conditions occur.

Should it become necessary that you need to change your flight date, your request must be received at least 24 hours in advance of the original flight date via phone call. If there is less than 24 hours' notice or a no show on your scheduled flight date, your flight will be considered flown and nonrefundable.

To purchase and book your flight there will be a 50% deposit required. In the event of a cancelation, we will reschedule your flight for a later date or issue a partial refund. There are costs involved, even with a cancelation. Therefore \$300 of the deposit is non-refundable. Flight certificates are valid for 1 year from the date of purchase. Deposits can be made by cash, check, Venmo or credit card (4% credit card fee applies). The balance is due on flight day, no checks will be accepted on this day.

You may transfer your certificate at any time before the expiration date. You must do so in writing with your name, phone number and certificate number along with the name and phone number of the person the certificate is being transferred to. The expiration date will not change. The recipient of the transferred certificate must sign a new terms and conditions form.

Although your pilot has over 1300 hours as a pilot with a perfect safety record an assumption of risk and release of liability form must be signed by all passengers prior to your flight.

I have read, completely understand without question and agree to the terms and conditions above.
